THE ASSOCIATION OF BANKS IN CAMBODIA

**ABC DIRECTORY
BOOKLET
2020**

Dr. In Channy
Chairman of ABC
in 2019

Cambodia is a young economy that has been developing on the basis of a free and open market scheme since the early 1990s.

The banking sector has steadily developed. It has been resilient, stable, and integrated within regional and global markets. Its sound development is crucial to the growth of economic activities and diversification, especially financial integration in the region.

Credit has steadily increased and has benefited various sectors of the economy.

Along with robust economic growth, Cambodia's banking sector continues to gradually develop. With this healthy financial intermediation, the National Bank of Cambodia (NBC) in collaboration with the Association of Banks in Cambodia (ABC) has been promoting financial inclusion while also ensuring financial stability.

Higher and better regulation, increased coordination between regulators of partner countries, and a large common commitment in safeguarding financial stability are all necessary to allow harmonious and sustainable growth. These are all objectives that are core elements of the ASEAN Economic Community, particularly the financial integration framework.

It is my hope and expectation that this book will provide an effective experience and reference resource for all of you.

Thank you!

THE ASSOCIATION OF BANKS IN CAMBODIA

1. The Association of Banks in Cambodia

1.1. About ABC

The Association of Banks in Cambodia was formed in 1994 and is recognized by the Royal Government as the official organization to represent the country's private banking sector. Our purpose is to promote constructive dialogue amongst member banks, and to serve as an industry voice to the public and the Government.

Our membership consists of local and foreign owned banks and branches. Membership in the Association is required under Chapter XXII of the Law on Banking and Financial Institutions, which states that all banks operating in Cambodia must belong "to a single professional association, whose Articles of Association shall have been endorsed by the supervisory authority."

The Association shall conducts members meeting every two month and more often if required by urgent matters. The Association also has regular working committees that focus on specific issues. Since 1998, the Association has been an active member of the ASEAN Bankers Association and participates in all of its meetings and functions.

Our Mission Statement

The purposes of The Association of Banks in Cambodia (the "Association") is to promote the development of the Cambodian financial system and to protect legitimate interest of its members. The Association conduct its activities in close co-operation with the local and international authorities, associations, organizations and/or institutions and serve as a channel of communications between those institutions and the banking community to achieve the mission.

Our Objectives

The objectives for which the Association is established are to further the interests of banks and banking in Cambodia by all or any of the following means and by such other means as may from time to time seem expedient in the interests of the Association:

1. To promote the establishment of sound banking principles, structure and the best practices in Cambodia, in co-operation and consultation with local and international authorities, associations, organizations and/or institutions as may be appropriate from time to time.
2. To carry out all of its functions and activities related to banking and finance and those, which promote the good name of the Association.
3. To render where possible such advice or assistance as may be deemed necessary and expedient to its Members.
4. To take note of events, statements and expression of opinions Members, advise them thereon and to represent their interests by expressions of views thereon on their behalf, as may be deemed necessary and expedient.
5. To work as far as possible in co-operation with other similar associations elsewhere in the world.
6. To circulate information likely to be of interest to its members.
7. To promote the education, training, research and development, in all aspects of banking so as to upgrade the level of banking expertise in Cambodia including the establishment of a professional training institute of bankers, if deemed necessary.
8. To work in conjunction with any legal body or Chamber or Committee or Commission appointed or to be appointed for the consideration, drafting, amendment or alteration of any law and regulation relating to banking.
9. To promote the modernization of the Cambodian banking system by organizing, managing and participating in all inter-bank activities, including the organization and development of inter-bank member and arrangements for sharing credit information among the Members of the Association, if deemed necessary, subject to the approval of the National Bank of Cambodia.

10. To represent the collective interests of the Members in relations to the National Bank of Cambodia and other government and official bodies including Chambers of Commerce and other business associations, and here appropriate international agencies and other organizations whose activities are either directly or indirectly related to the promotion and improvement of banking services in Cambodia. At the sole discretion of the Council, and where permitted by law and the regulations of the National Bank of Cambodia, the Association may assist the collective interests of the members by making representation in any courts, tribunals or judicial proceedings; provided, however, that the Association will not be party to any legal proceedings or claims imposed against any of its Members.

11. To make by-laws and rules in accordance with the objectives of the Association.

12. To provide and maintain premises for the purposes of the Association for the use of its Members and to provide social amenities, including meals and refreshments.

13. To protect legitimate interest of members.

14. To actively participate in social activities and corporate social responsibility.

15. To promote public relationships.

16. To promote public awareness of financial literacy and banking products.

17. To promote consumer protection and complaint resolution.

18. To promote the banking code of conduct, lending guidelines and best practice of banking.

19. To establish its subsidiary/ies to do things which the Council may consider desirable or necessary in the interests of the Members of the Association.

1.2 Key Partners

National Bank of Cambodia (NBC)

National Bank of Cambodia (NBC) was established in December 23, 1954. After the country gained the independence from French Colony and after the Indochina Printing Institution was closed.

Its principal duty is to determine and direct the monetary policy aimed at maintaining price stability. Since the Cambodian economy is currently highly dollarized, the Central Bank is not in a position to play its role of lender-of-last-resort and to implement efficient monetary policy instruments regarding national currency. However, dollarization presents some advantages:

1. It constitutes an incentive to attract foreign direct investments;
2. Dollarization leads to stability and induces an effectively fixed exchange rate; and dollarization has reduced the harmful effects streaming from the financial crisis in Asia.

The other main duties of the Central Bank are:

1. To formulate, implement and monitor exchange rate policy. It is a market based exchange rate policy in the framework of a liberal exchange system; and
2. To license and supervise banks and financial institutions

The most important role of NBC, was the establishing of local banking system in which the state banks and private banks operated together in the territory of Cambodia.

2.2 Banking Environment

Cambodia is a bank-based economy. Commercial banks are the primary source of funding. The Cambodian banking system is a two-tier system comprising the Central Bank (National Bank of Cambodia), and private sectors such as commercial banks, specialized banks, microfinance institutions, and a number of NGOs involved in rural credit activities.

The key players in Cambodia's banking sector by NBC in December 2019, 47 commercial banks, 15 specialized banks including one state bank, 4 Representative office of foreign commercial banks, 68 microfinance institutions where 7 are eligible to collect customer deposits, and 10 financial leasing companies, 10 rural credit operator . As of December 2018, there were 151 financial institutions operating in Cambodia. By December 2017, the financial institutions reported an outstanding loan balance of \$16.127 billion with the number of borrowers of 2.589 million.

Recent liberal investment regime and open market trade policies have gathered momentum for Cambodia's economic prospects and banks are also enjoying benefits from such strong growth opportunities. The Cambodian banking sector has been improving and growing steadily over the past two decades; yet, it still lacks of financial depth and is being fragmented. To gain more international confidence, significant progresses are necessitated to address structural distortions such as inadequate legal framework for secured transactions, and information asymmetry arising from poor disclosure standards.

2.3 Banking Services

As the banking sector's growth continues to accelerate and increase in sophistication, new banking products and services are also developed. Leasing and hire purchase products have been increasingly and prevalently used mainly for consumer goods financing. Both bank centric and mobile banking centric models are operating in Cambodia. Regardless of models or forms, mobile banking businesses are restricted and subject to the regulation and supervision of the National Bank of Cambodia to ensure the protection of customers.

Currently the following banking services are offered:

- Deposits (savings, current and fixed accounts) in KHR, USD, THB, Euro. etc.
- Loans: Commercial, SMEs, Housings, Consumers
- Guarantee Service
- Trustee Service
- Foreign Exchange
- Travelers Cheques
- Trade Finance: Letter of Credit
- Local and international money transfer
- ATM Service
- International Credit Cards

2.4 Impacts of Banking Sector

90 percent of Cambodia's financial assets are located in the country's banking system. Last year (2018) the Bank 's assets increased by 20.12 percent to approximately USD28.89 billion, equivalent to 131.43 percent of GDP. Credit was concentrated in key economic sectors such as wholesales and retails (30 percent), agriculture (10.40 percent), construction (9.50 percent), residential real estate loan (9.30 percent), and other sector (40.80 percent). At the same time, banks' deposit grew at a rate of 25.11 percent, an increase of 3.29 percentage point from 2016, making total deposit amount stood at USD17.42 billion. Non-performing loans ratio remained at 2.40 percent in 2017 compared to 2016. The banking industry's Return on Asset (ROA) and Return on Equity (ROE) were 1.54 percent and 8.40 percent, respectively.

Cambodia's banking sector is expanding rapidly. By the end of 2017, the sector has 39 commercial banks, 15 specialized banks, 69 microfinance institutions, seven microfinance deposit-taking institutions, 313 rural credit institutions, six representative offices, 11 financial lease companies, six third party processors, nine payment service providers, one credit bureau company, and 2,478 money changers. In addition, total number of credit and debit cards increased to 74,130 and 1,813,435 cards respectively.

In 2017, banking operations have launched 44 new branches, and 273 new ATM terminals in addition to the existing 1,260 ATM machines.

3. Institute of Banking and Finance (IBF)

The Institute of Banking & Finance (IBF) Cambodia (formely know as CIB) has been set up by ABC, with the assistance from the Mekong Private Sector Development Facility (MPDF), the Asian Development Bank, and the ASEAN Bankers' Association in January 2004. The Institute provides international standard but locally affordable training for ABC's members who comprise of Cambodia's commercial banks, specialized banks, and microfinance institutions.

The institute offers the financial services community a reliable, high-quality resource for professional and management development on both a local and national scale. Its mission is to attract and maintain customers. The belief is that as long as CIB adheres to this maxim, everything will fall into place. Hence, it will strive to improve and progress the development of financial professionals through a series of co-ordinated and tailored programmes so that FIs do not have to experience a mix of high cost or lack of consistent programmes in their quest to develop their staff.

3.1 Training

IBF aims to produce internationally capable financial professionals. The core service offered by IBF are focused on bankers training programmes currently. Those training programmes come in different forms:

1. In-house programme

- Custom-made programme for the requesting bank
- May be certification or non-certification in nature

2. Public programme

- Annual structured training programme developed based on results of training needs analysis conducted

- Scheduled technical and non-technical programme conducted for banking professionals but can be opened to public

- May be certification or non-certification in nature

3. Certification programme

- Examination preparatory workshops and tutorials to help candidates determine how and what to study for exam

- Comprehensive infrastructure and learning materials required

- Adopt the certification programmes offered by other reputable bodies or conduct joint award in the short term and in the longer run

4. Conference and seminar

- Selected thought leadership session with innovative content, covering trends and topics that intrigue, challenge and inspire the banking professionals

- Conference is oriented to sharing of opinion and thoughts on a chosen subject matter while forum and seminar intends to impart knowledge and skills

All services will be offered in either seminar or training programme format, in both English Language and Khmer.

3.2 Development Fund

The Association of Banks in Cambodia (ABC) has formed the Development Fund (DF) since 01st September 2016, the DF has been created in regards to provide the education to support the development of financial services in Cambodia and to reduce the staff poaching in the industry, currently more than 80% of the ABC members join DF membership.

The DF aimed to provide the benefits to Financial Institutions (FIs) as below:

1. Encourage members to train their own staff and not to poach staff from other FIs.
2. Funds from the DF are to be used to subsidies training program and other educational initiatives running by the Institute of Banking & Finance (IBF) for the benefit of all FIs and to train new staffs to replace poached staffs.
3. To help build capacity development of Cambodia
4. To help build sustainable financing in Cambodia through
 - a) Develop Financial Literacy Programmes for the general Cambodian community,
 - b) Research initiatives that benefit the majority of banks,
 - c) Provide development funding of banking infrastructure for the benefit of the majority of banks, and
 - d) Scholarship Programmes for outstanding bank employees or students.
5. DF Members will have special price offer for training with IBF over the non-DF Members.

4. ABC Members Directory

4.1 Commercial Banks

Commercial Banks as define in Chapter 1 of the Law on Banking and Finance Institution 1999, legal entities licensed to carry out banking operations as their regular business and in accordance with Article 14 of that law, Commercial Bank must obtain a license from the National Bank of Cambodia (NBC) before starting business.
